FIELD SEED BARGAINS

In buying seed, we often get lots
that are mixed, and cannot be offered
under regular classifications. We
offer the following lots of Mixed Seeds:

Lot No.	AB.42	Special Price
Contains:	Alfalfa 86.4%	\$28.00
	Red Clover 10.8%	
	Other Crop 2.0%	
	Noxious Weeds None	per Cwt

Lot No.	BC.13	Special Price
Contains:	Alfalfa 85.8%	\$24.00
	Sweet Clover 12.8%	
	Noxious Weeds None	per Cwt

Offered subject to being unsold on
receipt of order.

Note: We do not recommend planting
mixed seed on land intended for seed
production. For strictly meadow plant-
ing it has real merit, and you can make
a nice saving in seed cost.

RUFF'N' READY Grade Alfalfa Seed:

This grade seed is not so good to
look at, but it does give results. Con-
tains some impurities, but no noxious
weeds.

Price: \$14.00 to \$20.00 per Cwt. de-
pending on test.

Samples and prices on identical lots
gladly given.

EARLY BIRD OFFER

This year, especially, every seed buyer will find it to his advantage to secure
his requirements early, and no special "Early Bird Offer" we could possibly make will
equal the value of having what you want when you need it. Just the same, we appreciate
the orders that come in before our rush season starts, and to show a measure of that
appreciation, those ordering garden and flower seeds to the value of \$2.00 or more be-
fore April 1st will find "something extra" when they unpack their orders.

WYOMING SALES TAX

The Wyoming Selective Sales Tax Law in Wyoming exempts feeds only "for use in feed-
ing livestock or poultry for marketing purposes." It also exempts "all sales of seeds,
roots, bulbs, small plants and fertilizer planted or applied to land, the products from
which are to be sold."

Feed, seed, etc., other than for the above purposes is therefore taxable, as are all
supplies, garden tools and miscellaneous articles which we handle. Wyoming customers
will please add 2% to the amount of their orders for such items to cover this tax. Mail
orders to be shipped outside of the state are not subject to Wyoming Sales Tax.

Greetings:

Catalog time is here again, and what a difference from normal times! Like all good Americans, right now the seedman's first duty is to help the country in its fight to maintain our freedom and democratic way of life. This, we of the Northern Seed Co., pledge whole heartedly to do.

In keeping this pledge we deem these things important:

- (1) To maintain quality, and sell merchandise on its merit, without misrepresentation.
- (2) To keep prices as low as consistent with market conditions.
- (3) To keep, insofar as possible, adequate stocks of seed and other merchandise needed by the territory which we serve.

Some items of both garden and field seeds are definitely short, on account of low production and export to our allies under the Lend-Lease Act. Prices on such items are much higher than normal. At such times, some are inclined to "gouge" on prices, and substitute lower quality. You can depend on us to maintain high standards for quality, and to sell without advancing prices more than is justified by the conditions governing each individual item.

It is going to be hard to get enough of some kinds of seed and other items we handle to adequately serve our customers. In this, we will just have to do the best we can. We suggest that you order early. With increased production so important at this time, we believe that our sixteen years experience in the seed business here in Sheridan will prove especially valuable to all who plant crops of any kind.

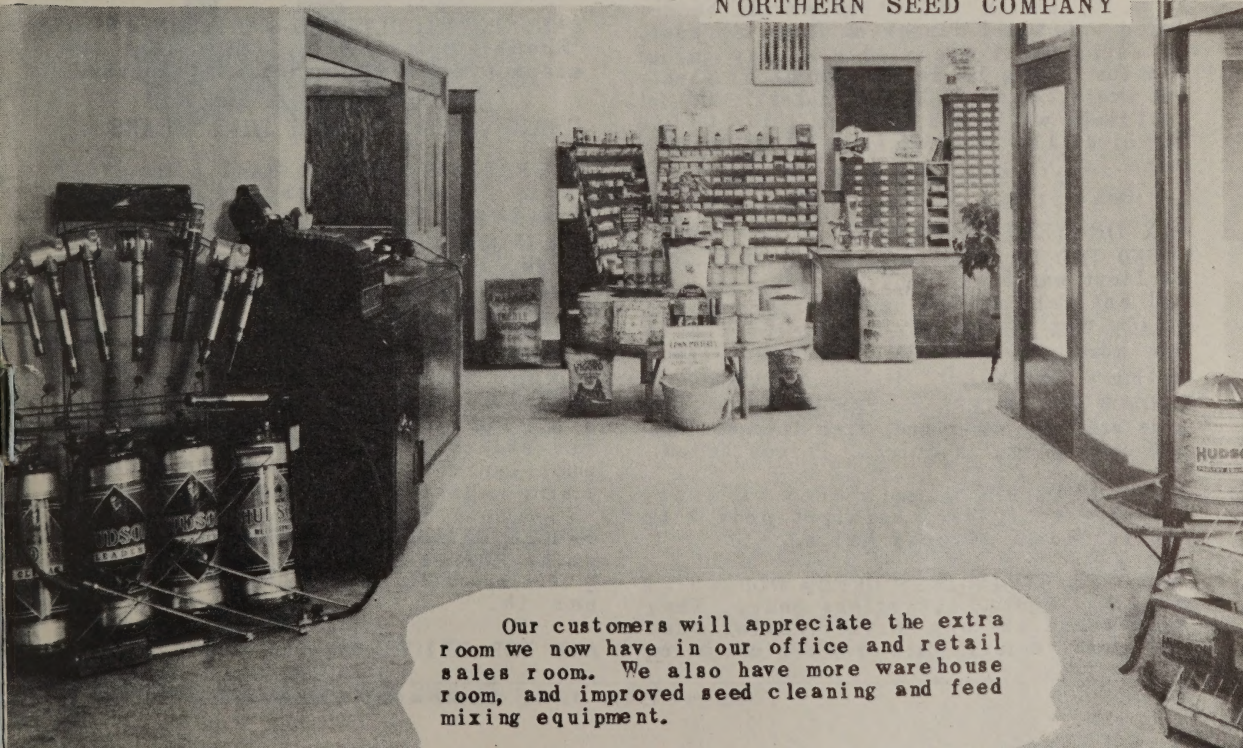

Yours for Victory,

H.D. Waterpaul

ABOUT GUARANTEE

We have used every possible care to secure seeds that are true to name, carefully selected, and of proper germination and purity. Owing to so many conditions beyond the control of either seedsman or planter, however, we cannot guarantee the description, purity, germination, productiveness, or any other matter of seed we send out, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on this basis, no sale is made and your money will be cheerfully refunded if the seed is returned promptly.

NORTHERN SEED COMPANY

Our customers will appreciate the extra room we now have in our office and retail sales room. We also have more warehouse room, and improved seed cleaning and feed mixing equipment.

Never has home production of vegetables been so urgent, and nowhere is it more feasible for every farm and many city dwellers to plant a garden, because nowhere can finer vegetables be produced than right here in the "shadow of the Big Horns." Special care must of course be taken to insure planting only varieties that are "Proved Hardy Under Test."

Mountaineer Brand Seeds have been selected so that you can count on success with all the varieties listed in our catalog. In the interest of both reducing expense and conserving material, we are eliminating a num-

ber of illustrations and considerable description, but our stocks are as complete as supplies will allow.

On account of unusual conditions of supply, all seed is offered subject to stocks on hand, subject to change in price without notice.

Prices are postpaid, except as otherwise noted.

Six 5¢ packets, 25¢; six 10¢ packets (including ounces priced at 10¢), 50¢.

BEANS

Beans are very easy to raise and pick; your garden isn't complete without a few rows of beans in it. Cooked in many ways, also canned and pickled, they cut your food bills and give healthful variety to your diet, since they are filled with vitamins A, B, C, and D. Planting should be delayed until all danger of frost is past, or until about the middle of May in our section. Have beans all summer by planting every two weeks, until August. Do not cultivate while wet. Plant 1 lb. to 150 ft. of drill. The large varieties require more.

(Bean prices at end of bean list)

WAX OR YELLOW PODDED BUSH BEANS

ROUND POD BRITTLE or KIDNEY WAX--The earliest wax bean, pods are round, fleshy and entirely stringless. Prices below.

BLACK WAX PENCIL POD--Very desirable for home and market. Prices below.

GREEN PODDED BUSH BEANS

ASGROW STRINGLESS or TENDERGREEN--The pods are long and round, free from strings and dark green in color. Prices below.

FULL MEASURE--A main crop variety; round, stringless, straight pods 6 to 6½ in. long. Prices below.

BURPEES STRINGLESS GREEN POD--High quality, round, stringless pods. They will stand the dry weather better than any other variety. Main crop. Prices below

POLE OR CLIMBING BEANS

KENTUCKY WONDER--This most popular of all pole beans should be in every garden. Pods are green, round and long, easily measuring 9 to 10 inches; always stringless as snap beans, and never become tough. Prices below.

TALL HORTICULTURAL--"Bird Egg" or "Speckled Cranberry." Excellent for snaps when young and are stringless.

DWARF, SHELL, AND LIMA BEANS

HENDERSON'S BUSH OR BABY LIMA--Very early, pods flat and of excellent quality. Prices below.

CALIFORNIA CREAM BUTTER OR AZTEC--Large, round, white lima of extra fine flavor. Our stock is grown locally, so we know it is sure of maturity here. Good as a shell bean or when dry. Prices below.

LONDON HORTICULTURAL--A "Cranberry Bean" for use as a green shell bean or dry. Pods are long, oval splashed with red and very fleshy. The dry bean is much larger than any other bean of the same class. Prices below.

POSTPAID PRICES ON TABLE BEETS: Pkt. 5¢; oz. 20¢; ¼ lb. 70¢; 1 lb. \$2.10.

SWISS CHARD--A member of the beet family and preferred by many in place of Spinach. The mid ribs too are edible and tender, prepared the same as Asparagus. Postpaid prices: Pkt. 5¢; oz. 15¢; ¼ lb. 50¢; 1 lb. \$1.60.

MANGEL OR STOCK BEETS--1 oz. to 100 ft. of drill or 5-6 lbs. to acre.

One of the most important of all root crops for feeding and form the best winter feed for cattle and hogs. As a substitute for green feed for poultry, during the winter months, they are very valuable, and increase egg production.

MAMMOTH LONG RED--The largest and most productive mangel. Easily harvested as half the mangel grows above ground.

GIANT HALF SUGAR ROSE--A favorite among dairymen and hog-raisers. Very sweet and nutritious, having a larger sugar content than the ordinary mangel. White flesh and early.

Prices on Mangel Beets--Postpaid: 1 oz. 15¢; ¼ lb. 60¢; 1 lb. \$1.50.

CABBAGE

1 oz. makes 3,000 plants. Sow early kinds in hot beds in March and April, transplanting in the open when plants are of proper size. Late varieties for fall and winter use should be sown in cold frames in April, transplanting well into June. Many customers prefer buying their plants for home use, and for their convenience we are growers of all varieties listed.

GOLDEN ACRE--An extra early variety, producing uniform, round, well-balanced heads, weighing about 3 lbs. with fewer outer leaves. Postpaid prices: Pkt. 5¢; ¼ oz. 20¢; oz. 30¢; ¼ lb. \$1.00.

EARLY JERSEY WAKEFIELD--Early pointed heads, small but firm. Postpaid prices: Pkt. 5¢; ¼ oz. 20¢; oz. 30¢; ¼ lb. \$1.00.

EARLY FLAT DUTCH--Excellent second early, with large solid flat heads. Postpaid prices: Pkt. 5¢; ¼ oz. 15¢; 1 oz. 25¢; ¼ lb. 75¢.

COPENHAGEN MARKET--For many years a favorite medium early cabbage. Heads solid, round, and of good quality. Short stems. Postpaid prices: Pkt. 5¢; ¼ oz. 15¢; 1 oz. 25¢; ¼ lb. 75¢.

DANISH BALLHEAD--A standard late cabbage for any purpose. Heads are good size, hard, and compact. Keeps well and makes very good kraut. Postpaid prices: Pkt. 5¢; ¼ oz. 15¢; oz. 25¢; ¼ lb. 75¢.

DANISH ROUND HEAD--(Short Stem) Heads larger than Ballhead, very solid round heads, crisp and tender, interior leaves blanch white. Postpaid prices: Pkt. 5¢; ¼ oz. 15¢; oz. 25¢; ¼ lb. 75¢.

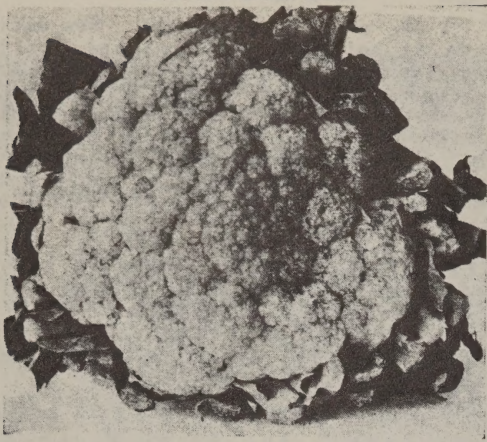

PENN STATE BALLHEAD--Silver Medal A. A. S. of '34. Very highly recommended for storage and kraut. Heads slightly flattened, round and solid, each head weighing 8 to 9 lbs. Yields heaviest tonnage to the acre. Postpaid prices: Pkt. 5¢; ¼ oz. 15¢; oz. 25¢; ¼ lb. 75¢.

DRUMHEAD SAVOY--Heads large and solid, heavily blistered or crimped leaves. Postpaid prices: Pkt. 5¢; ¼ oz. 20¢; 1 oz. 30¢.

CHINESE CABBAGE--Delicious vegetable combining a rich celery flavor with that of the cabbage. Can be eaten raw as a salad or cooked like cabbage or asparagus. Postpaid prices: Pkt. 5¢; ¼ oz. 15¢; 1 oz. 25¢.

LATE FLAT DUTCH--Very large, late cabbage, popular for home and market. A good keeper. Heads flat. Postpaid prices: Pkt. 5¢; ¼ oz. 15¢; oz. 25¢; ¼ lb. 75¢.

CAULIFLOWER

Danamerica

EARLY SNOWBALL--An early maturing, short leaved type. Pure white head. Postpaid prices: Pkt. 20¢; ¼ oz. \$1.20; ½ oz. \$2.00; 1 oz. \$3.50.

DANAMERICA--A winner that should be at the top of the list. Medium early, heads of good size, firm; in fact everything you want in perfect cauliflower. Postpaid prices: Pkt. 25¢; ¼ oz. \$1.50; ½ oz. \$2.70; 1 oz. \$5.00.

DANISH DRY WEATHER--One of the most dependable in dry weather. Plants short stemmed, heads large, 6 to 7 in. across and commonly weigh 2 lbs. White tinged with cream. Postpaid prices: Pkt. 20¢; ¼ oz. \$1.20; ½ oz. \$2.00; 1 oz. \$3.50.

CARROTS

1 oz. will sow 150 ft. of drill.

OXHEART--An excellent sort for shallow soils. Roots are blunt and thick, easily pulled and keep well.

CHANTENAY--Popular bunching carrot, large size, fine in texture and good quality.

IMPERATOR--A recent introduction with long roots tapering to a semi-blunt tip. Deep orange color, smooth crown, good and sweet.

DANVER'S HALF LONG--An excellent bunching variety, dependable, a first class carrot for all soils. The flesh is deep orange, tender, and of good quality. Much used in home gardens, and a good keeper.

Carrot seed crop a near-failure. Our stock will probably be limited to supply on hand and on order. Prices on carrot seed--Postpaid: Pkt. 10¢; ¼ oz. 35¢; 1 oz. 60¢; ½ lb. \$1.75; 1 lb. \$5.75.

Sow some Radish seed in the same drill with your Carrots to break the soil crust. Gather Radishes when they are large enough; your later crop will be uninjured.

SWEET CORN

1 lb. to 500 hills.

HYBRID SWEET CORN--Varieties of Hybrid corn are rapidly becoming more popular. Have better root systems and larger more uniform ears insuring larger and better crops. Disease and wilt-resistant. Do not save seed from any hybrid corn; it will not reproduce true to type.

GOLDEN CROSS BANTAM HYBRID--Shows great ability to withstand wilt and adverse weather conditions. Has large golden ears and matures about a week later than regular Golden Bantam.

KINGSCROST GOLDEN BANTAM HYBRID--Extra early, drought resistant selection, ears similar to ordinary Bantam. Excellent quality, and a favorite with market gardeners. Either variety of Hybrid Sweet Corn, postpaid prices: ¼ lb. 15¢; ½ lb. 25¢; 1 lb. 40¢. Not postpaid: ¼ lb. 20¢; 1 lb. 35¢; 5 lbs. or more @ 30¢ per lb.

GOLDEN BANTAM--Most widely known and generally used. Very productive, kernels tender, sweet, delicious flavor.

GOLDEN GEM--One of the earliest varieties of yellow corn offered, about two weeks earlier than Bantam. Good flavor.

GOLDEN SUNSHINE--One of the earliest of the golden yellows, about 10 days earlier than Bantam and a much larger ear.

BANTAM EVERGREEN--A cross between Golden Bantam and Stowell's Evergreen, and considered one of the sweetest and best of sweet corns. The ears are much longer and have 12 to 14 rows. Valuable for market gardeners.

EARLY EVERGREEN--Fine flavored, deep white kernels. It withstands drought unusually well, and holds its edible quality better than most varieties. A little later than Bantam.

Prices on Sweet Corn (not including Hybrids) postpaid: ¼ lb. 20¢; 1 lb. 28¢. Not postpaid: ¼ lb. 15¢; 1 lb. 23¢; 5 lbs. or more @ 20¢ per lb. Ask for prices on large quantities.

POP CORN

WHITE RICE--Local seed. Favorite white variety, wonderful popping qualities.

JAPANESE HULLESS--Heavy yielder, short, thick ears, slender white kernels. Has practically no hulls when popped.

While we have cut out some illustrations, and are giving less description in our catalog this year, we are carrying a full stock of high grade flower seeds. Some varieties are unattainable, but we have done the best we could. Don't forget your flower garden can play an important part in the defense program. As a morale builder, nothing will equal the joy, relaxation and quiet peace which working in a flower garden will bring.

"Flowers are the sweetest things God ever made and forgot to put a soul into."

--Ward Beecher

NURSERY DEPARTMENT

Sorry, the space we can devote to our Nursery Department in the catalog is so limited, because really we have a fuller and more complete line growing at Fairacres than we have ever had.

All items that we offer for sale are either grown here at Fairacres or obtained from reliable sources so that you can depend on getting stock of high quality adapted to Wyoming and Montana conditions.

Mail orders are always welcome, and will be given the best of attention, but the best way to buy is to visit Fairacres and make your own selection.

GUARANTEE: All items are guaranteed to be alive and in first class condition, capable of growing, when they leave our hands. If, when received by the customer, they are not entirely satisfactory, they may be returned at once at our expense and we will refund the money paid, or give you other stock of equal value. We further guarantee that if any dormant stock does not grow if properly planted and cared for, we will replace it at one-half list price the following season, provided we are notified in writing not later than August 1st. The same items or other nursery stock of equal value may be re-ordered. We want only well-satisfied customers, otherwise we would not make this liberal guarantee.

DELIVERY: All stock, except balled and burlapped evergreens and any items over 7 ft. long will be delivered free by parcel post to points within 300 miles of Sheridan. Evergreens and stock over 7 ft. long delivered free in Sheridan and its suburban areas; to other points by the cheapest fast delivery, charges collect.

DISCOUNT: A discount of 5% will be made on orders totaling \$10.00 or more, exclusive of evergreens.

FIELD SEEDS

While the space in our catalog devoted to field seeds is even smaller than usual, we are not neglecting this department of our business. In fact, we have on hand the largest stock of field seeds in our history, all ready for your requirements.

Every lot of seed we sell is carefully tested for purity and germination, and tagged in accordance with State and Federal Laws.

ALFALFA SEED prices are high this year in comparison to usual, due to a short crop all over the United States. You will find our retail prices lower, however, than most wholesale quotations, as we buy direct from the growers and handle on ONE margin of profit.

CLOVERS are higher than last year, but are still reasonable in price. Our stocks are ample.

GRASSES vary, some are scarce and high, some, like Crested Wheat, are plentiful and as low in price as they have ever been.

FORAGE CROPS are plentiful. While we have not yet established prices on them, we know they will be reasonable.

SEED CORN will not be as plentiful as usual, and prices will be somewhat higher. The Hybrid corn we sold gave a splendid account of itself again last year.

SEED GRAINS will be higher in price this year in line with increased markets on all grains. Expect to have ample stocks of high quality grain.

DU-BAY SEED DISINFECTANTS

We have sold these disinfectants for years, and find that they give excellent results. Worth many times their cost.

All prices quoted are subject to change without notice.

ATTENTION --- ALFALFA HAY GROWERS!

This year's farm program provides for the payment of \$2.10 per acre for using Phosphate on Alfalfa Fields. You can't afford to pass up this opportunity to increase the yield and quality of your alfalfa meadows. Tests have proved the value of superphosphate on Sheridan County irrigated meadows. One farmer reports his yield of alfalfa hay has nearly doubled since he started using Anaconda Treble Superphosphate. See page 18 for prices.
